Exergen TemporalScanner Thermometer Sponsors London Fan-Tastic Family Adventure Sweepstakes

WATERTOWN, Mass., Oct. 2, 2012 (GLOBE NEWSWIRE) -- Though the Summer Olympics may have ended, London will once again be in the spotlight when it plays host to the NFL International Series Game at Wembley Stadium on October 28th, where the New England Patriots will take on the St. Louis Rams which will be heard across the United States on the Sports USA broadcast.

As part of the Exergen TemporalScanner sponsorship created in conjunction with AdLarge Media, the sales representative for Sports USA, Exergen Corporation has announced its Fan-Tastic Family Adventure Sweepstakes, offering families a chance to win a trip to London, England this fall. The sweepstakes will award one family with a 5 day, 4 night trip that includes tickets to the game.

"We believe families should spend more time enjoying life together," said Exergen Corporation founder and CEO, Dr. Francesco Pompei. "That is why we are happy to offer the chance to win a trip to London for some rest and relaxation."

Along with the NFL International Series Game tickets, the winning contestant will receive round trip airfare to London, England for a family of four, a four night hotel stay and \$1000 in spending money. In addition to the grand prize, worth more than \$22,000, contestants have the opportunity to win one of 100 available \$25 Visa gift cards. The contest is open to all U.S. residents age 18 and over. No purchase is necessary and contestants can register at www.exergen.com.

Exergen markets two models of the TemporalScanner thermometer: a professional version for doctors' offices and hospitals, and a consumer model sold in major retailers including Wal-Mart, Target, Walgreen's, Rite Aid, Costco, Babies "R" Us, Toys "R" Us, Kroger and BJ's. More than one billion temperatures are taken each year with the TemporalScanner. Used in thousands of hospitals, clinics, and pediatricians' offices in the country as well as in millions of homes, it is the #1 retail brand, and is also the only thermometer manufactured in the United States. The performance of the Exergen TemporalScanner is supported by more than 40 peer-reviewed published studies covering all ages from preterm infants to geriatrics and all care areas from hospitals to homes.

Exergen Corporation is recognized worldwide as an innovator and leading manufacturer of patented infrared thermometers, scanners, sensors and controls. The company holds more than 60 U.S. patents for non-invasive temperature measurement devices. Its products are used in a wide variety of industrial and medical applications for both professionals and consumers. For additional information, visit www.exergen.com.
